Kind attention : Shri N Sridharan
Greetings from Anuswaryaa Enterprises Pvt Ltd.,

We appreciate on the development of the face-recognition attendance app and your willingness to share with us for the trial implementation.

We are happy to inform you that the input data recorded in the app is very accurate to the core. We are proud to be associated with you to implement this app on a regular basis for our staff attendance ledger maintenance.

The advantages that we found and recorded in this application is as follows:

- The punch of the date and time is very accurate
- It specifies the exact location
- easy to handle through existing smart phone which also contributes to the less pace occupation
- Supporting information intimation to the registered email makes less documentation at user's end
- Being an auto-generated mail, the information is found to be accurate and on-time

Overall Summary:

On the whole the application is found to be simple, easy to handle, user friendly, less time consuming and cost-cutting . It reduces the management's work on taking care of the attendance system. We strongly recommend the implementation of this app to any Organization on a regular basis.

Thanks & Best Regards,

V S SUDHAKAR,
MANAGING DIRECTOR
